

R Systems Appoints Farooq Ahmad as Chief Revenue Officer

Strengthens leadership team to accelerate growth across key markets

Date: 31 March 2026

Place: Greater Noida, India; El Dorado Hills, CA

R Systems International Limited, a global leader in digital product engineering, today announced the appointment of **Farooq Ahmad** as Chief Revenue Officer. Based out of California, Ahmad will lead the company's global sales engine, strengthening its go-to-market and accelerating growth across key markets.

*“As global organizations move from experimentation to enterprise-wide deployment, they are seeking strategic partners to help them integrate AI and deliver sustained value. Ahmad joins with a clear focus on deepening our enterprise footprint and expanding our presence in key markets by enabling our clients translate their priorities into scalable, real-world outcomes. He brings a strong combination of client insight, sector depth, and execution discipline and I am excited to welcome him to R Systems, and partner in our next phase of growth” said **Nitesh Bansal, Managing Director & CEO, R Systems.***

His appointment comes at a time when R Systems is seeing increasing traction in AI-led digital product engineering, with growing demand from global enterprises looking to combine engineering depth with scalable execution. In this role, Ahmad will lead R Systems' global sales engine as the company supports customers with increasingly complex, multi-cloud, enterprise-wide data and AI initiatives.

Ahmad brings nearly three decades of experience in the IT services industry, spanning global business development, P&L management, and client leadership across industries. He joins R Systems from Brillio, where he served as Regional Revenue Officer and Managing Director, and has previously held senior leadership roles at high-tech industry business of HCL Technologies.

Farooq Ahmad, Chief Revenue Officer, R Systems, said, *“What stands out to me about R Systems is the strength of its engineering culture and the trust it has built with clients over time. The opportunity now is to build on this foundation and scale it with sharper focus and I am excited to work with the teams to translate this momentum into sustained growth.”*

This appointment reinforces R Systems' focus on strengthening its leadership team and investing in capabilities that enable long-term, scalable growth.

About R Systems

R Systems is a global product engineering and digital solutions provider. We combine complex engineering, Data & AI, cloud-native capabilities with deep domain understanding to design and build innovative products for Tech, SaaS platforms and enterprises across industry verticals. We leverage the power of Automation and Agentic AI to transform value chains to boost productivity and deliver differentiated customer experiences. With a culture of co-creation and an extensive partner ecosystem, we help customers navigate market shifts and drive sustained strategic growth.
